

We are engaged in manufacturing, supplying and trading Testing & Measuring Instruments (Electrical, Control & Instrumentation) Work Benches, Temperature, Pressure & Marine Calibrator Kit, Thermal Imagers etc.

Established in the year **2011**, we, “**J. M. D. Precision Equipments Private Limited**”, are one of the supplier of Testing & Measuring Instruments like Work Benches, Temperature, Pressure & Marine Calibrator Kit etc.

Our **Electrical products** range includes Digital Insulation Tester (Megger), Digital Multimeter, Clampmeter, Clip on AC Power Meter, Power Analyser, High Voltage Test Set AC & DC, Primary & Secondary Injection Test Set, Single Phase & Three Phase Relay Test Set, Ratiometer, Transformer Winding Resistance Meter, Contact Resistance Meter, Thermal Imagers, Test Benches, Hart Communicator and many more. Our **C & I products** range includes Electronic and Pneumatic Test Bench, Temperature (Dry Block) Calibrators, Pressure Calibrators, Dead Weight Tester, Multifunction Calibrators, Thermocouple Calibrators, RTD Calibrators, MV Calibrators, MA Calibrators and many more.

We have developed a state-of-the-art infrastructure, which is spread across a vast area of land. To carry out various business processes in an organized manner with accuracy, this infrastructure is segregated into various units such as manufacturing, quality testing, warehousing & packaging. Each unit is under the supervision of our professionals, who are well-experienced in their respective domain. These professionals are abreast with the latest technology and modern machinery.

Pressure Calibrators:

We are one of the leading manufacturer of superior quality **Pressure Calibrators**. These Pressure Calibrator are good demand in the market due to high quality and durability. These Pressure Calibrator are available in market at competitive rates.
